Follow these directions to use the prompt highlighter feature:
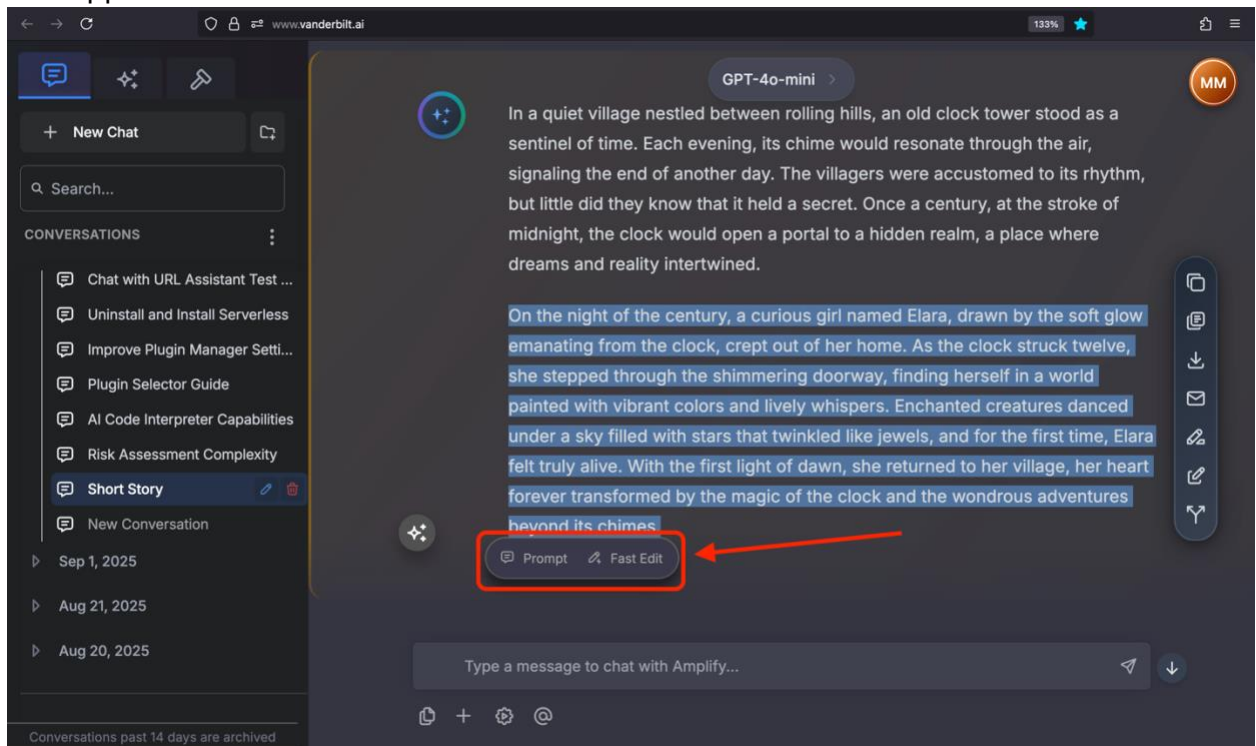

1. Navigate to settings by clicking the user icon in the top right corner, and selecting "Settings"

2. Scroll down to the "Features" section of the Configurations tab, select "Prompt Highlighter," and click both " Prompt Highlighter " and "Save" if it isn't already selected.

3. Highlight any text in the AI's response, then click the "Prompt" or "Fast Edit" button that appears.

a. "Prompt": Enter a message to send as a follow-up; the highlighted text is included for the AI's reference.

b. "Fast Edit": Enter a prompt to edit the highlighted text in-line within the AI's response.

c. Don't like the result of Fast Edit? Click "Revert Changes" to restore the original text.
